RE: 80592

Dear Mr. [REDACTED]:

Thank you for your request regarding the original manufacturing information for your Porsche. Enclosed is a certificate which gives all of the available information pertaining to your car.

The format for the Certificate of Authenticity has been redesigned in order to adopt Porsche's worldwide corporate identity guidelines. While it differs in appearance from our older version, all of the vehicle information remains the same.

We would like to take this opportunity to tell you about the Porsche Parts Program. Porsche is unique among all auto manufacturers in that we offer parts for models back to 1950. Within the Porsche parts system there are special procurement and marketing people who are involved in sourcing, manufacturing, ordering, and cataloguing parts for all Porsche types. Parts in this program can be purchased through any authorized Porsche dealer in the United States and Canada.

We hope to have been of assistance to you in building the history of your Porsche. If you need further information, please do not hesitate to contact us.

Best regards,

A handwritten signature in blue ink, appearing to read "Howard G. Adams".
