Dear Mr. O'steen,

What possibilities exist when the knowledge gained from over 23,000 racing victories is amplified by the latest advancements in Porsche design and technology? The answer has finally arrived. The Carrera GT is our unique answer – the combination of everything we know so far. Best of all, you now hold the keys.

We hope the Carrera GT is everything you imagined it would be. And then some.

I'd like to take this opportunity to congratulate you on your purchase of the ultimate Porsche supercar. To commemorate your acquisition, I'm pleased to present you with the enclosed gift – a limited print of an original sketch penned by famed Porsche designer Grant Larson. In conceiving an overall look that would communicate the Carrera GT's dynamics with unequivocal power and emotion, Mr. Larson and former Chief Designer Harm Lagaay insisted that all of their ideas satisfy a single question: "Does the design live?"

The promise of answering such a question behind the wheel whets the appetite. As you revel in the Carrera GT's exceptional abilities, another promise is sure to offer you equal satisfaction. We call it the Porsche Promise – a commitment to equally inspired levels of service and support by our nationwide network of authorized Porsche sales and service professionals.

We look forward to providing you with many more opportunities for celebrating your passion for driving through a variety of programs and services offered to Porsche owners. Rest assured, your authorized Porsche dealer is ready to assist in every way possible to help you get the most out of your new Porsche. At every turn, we hope to make your ownership experience every bit as enjoyable as the driving experience itself. Once again, congratulations on the purchase of your Carrera GT.

WISHING YOU A LIFETIME OF REWARDING JOURNEYS

Mediation/Arbitration Required by this Agreement. Buyer and Company agree that if any dispute, controversy or claim (individually or collectively a "dispute") develops arising out of or relating to the sale of the vehicle that is the subject of this Agreement, or any other document or agreement relating to this vehicle (including, but not limited to, any Retail Installment or Consumer Credit Sale Contract, instead of resorting to litigation in a court, the parties shall first attempt to settle the dispute by direct discussions. If the dispute cannot be settled by direct discussions, the parties shall mediate the dispute under and in accordance with the Commercial Mediation Rules of the American Arbitration Association. If the parties are unable to resolve the dispute in that mediation, the dispute shall be resolved in a binding arbitration proceeding conducted in accordance with the Commercial Arbitration Rules of the American Arbitration Association; provided, however, the arbitrator in such arbitration shall not be authorized to award punitive or exemplary damages. Such arbitration proceeding shall be conducted in St. Louis County, Missouri. Any award, order or judgment made pursuant to such arbitration shall be deemed final and may be entered and enforced in any court of competent jurisdiction. The parties agree to submit to the jurisdiction of any such court for the purpose of the enforcement of any such award, order or judgment.

Notwithstanding the foregoing, if Company, in its sole and absolute discretion, determines that it should repossess the vehicle that is the subject of this Agreement before a dispute may be resolved using the procedures set forth above, Company may do so either by "self-help" or pursuant to any order of a court of competent jurisdiction in litigation instituted before that court solely for the purpose.

THIS AGREEMENT CONTAINS A BINDING ARBITRATION PROVISION WHICH MAY BE ENFORCED BY THE PARTIES.

Mr. John O'steen
[Redacted Address]

Dear John:

With the number of new automobiles and dealerships from which to choose today, I am gratified that you chose to purchase your new Porsche from Asbury Automotive St. Louis, L. One of the secrets to Porsche's tremendous success has been the attention paid to taking care of our customers. This commitment to your complete satisfaction by Porsche and Asbury Automotive St. Louis, L will last throughout your ownership experience.

Soon, you will receive a Vehicle Sales and Delivery Survey from Porsche, which asks you to rate your buying experience. All of us are interested in receiving feedback, and we would be grateful if you could take the time to complete the survey. Based on your experience, we hope you will be able to respond "Very Satisfied" to each of the survey questions. However, if that is not possible, I would like the opportunity to personally address whatever deficiencies you may have encountered prior to the completion of your survey. While survey scores are important to us, we are more interested in ensuring that your needs are met. I encourage you to contact me if you would like to share any comments or suggestions.

Enclosed is a Welcome Gift we hope you will enjoy. It is ready to frame and will be a lasting reminder of this very important event.

In the meantime, I hope that you enjoy your vehicle. If we may be of any assistance in the future, please do not hesitate to contact me at 314-301-1700.

Mr. John Osteen,
[Redacted Address]

Dear Mr. John Osteen,

Porsche Cars North America, Inc. is pleased to inform you of a modification that has recently been developed to ensure that your Porsche Carrera GT will continue to provide many years of enjoyable and reliable motoring.

While carrying out internal routine tests on the Carrera GT vehicle type, we have determined that your vehicle could benefit from a newly developed modification. We feel that the following enhancement will further your enjoyment of your Carrera GT's performance and reduce the possibility of future issues:

- To prevent the possibility of radiator coolant hoses loosening, a modified retainer spring should be installed.

At your convenience, please arrange a date and time for this measure to be performed at your local dealer.

The necessary work will be carried out free-of-charge.

We regret the inconvenience that this may cause and would like to thank you in advance for your understanding. If it would be more convenient to have your vehicle picked up and transported to your local dealership, please contact the dealer of your choice and transportation can be arranged free-of-charge.

In addition, your Porsche dealer would like to offer a free-of-charge detail for your Carrera GT during this service if you wish. Please ask your dealer about this upon service scheduling.

Yours sincerely,

J. David Martin

This is *NOT* the official warranty of Ceramic Pro.

Please read over your booklet & email you will receive upon completion.

The Official warranty is between the vehicle owner and Ceramic Pro.

This is just helpful reminders and/or FAQ

The following inspections are required by Ceramic Pro's Warranty Terms and Conditions.

Annual Inspection (All Warranties)

- **Annual Inspections must be carried out by an approved applicator, within 30 days before the anniversary date of the last service to maintain the full term of warranty.**
- Failure to undertake an annual inspection within the required period will change the period of cover for the warranty.
- **Lifetime:** Reduced to 5 years from the date of the last service with annual inspections no longer required.
- **Five Year:** Reduced to 2 years from the date of the last service with annual inspections no longer required.
- **Two Year:** Reduced to 1 year from the date of the last service with annual inspections no longer required.
- A fee determination by the approved applicator will be charged for the Annual Inspection, which includes- Exterior Wash, Decontamination and Inspection.
- **It is the customer's responsibility to keep up with this annual appointment.** Neither Ceramic Pro nor Details Matter will send out annual reminders. We recommend you set an annual recurring reminder on your digital calendar.
- **Please be sure to wash your vehicle every 2 to 4 weeks as that could also void your warranty due to contaminates.**

The Curing Process

Curing time is **approximately 2 weeks** depending on the environmental conditions such as humidity and temperature. **During this time, the following should be avoided.**

- Sprinklers. (Water Spots are not covered under warranty)
- Parking under trees
- Allowing bird dropping, sap or pollen to sit on the car and brake in the sun.
- Washing or abrading the paint.
- Use Wipers as little as possible during curing period. Wait 7-14 days, if possible. Disable Auto Settings for Wipers.

I understand I am responsible for complying with the above conditions.

I also acknowledge it is my responsibility to keep up with Annual inspections, including scheduling an appointment with an approved applicator.

Care Instructions

Here is what to do and what not to do while caring for your Coated vehicle.

Please be sure to wash your vehicle every 2 to 4 weeks as that could also void your warranty.

DO:

Car Washes:

- Hand Wash
- Touchless Wash (uses soap and reclaimed water and both can leave water spots.)
- **We (D.M.) highly recommend drying off all water and remaining soap with microfiber towel before it dries. (Water Spots are not covered under warranty)**

Home Washing:

- Be sure to use a Quality car wash soap, Details Matter recommends Optimum No Rinse (ONR)
- No wax needed!
- Microfiber towel
- Wash in Shade

DO NOT:

Car Washes:

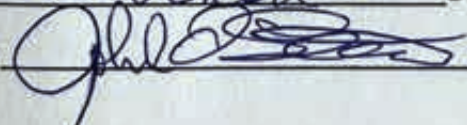

X Automatic Brush Wash

Home Washes:

X Do Not wash in sun

X Do Not wax or polish

X Do Not use abrasive towels

General Warranty Invalidations

Ceramic Pro warranty for any product will be considered invalid if any of the following general condition occur:

- **Neglect** to maintain the vehicle according to the standards and techniques recommended by Ceramic Pro;
- Damage caused by **abrasive** compounds and polishes and third-party products
- Damage resulting from a **collision** or other vehicle accidents.
- Damage or structural failure occurs as the result of **racing** applications or willful **abuse**;
- Damage, either accidental of **malicious**, including but not limited to **fire, flood, extreme weather conditions**, secondary effects that may result from the foregoing, or any other force majeure.
- Many areas of the country use road salts and chemicals during the **winter months** that cause adverse effects on your **vehicle and wheels**, it is recommended to **clean more frequently** during this season. Failure to do so may greatly reduce the life of the product.
- Failure to **repair and re-treat** surfaces subject to accident damage in accordance with the warranty;
- Damage caused by any alteration or **modification** to the vehicle surfaces.
- Damage caused by **manufacturers defects**.
- Damage to the vehicle **prior to product application**; and
- Failure to adhere to any requirements listed under the terms and conditions of this warranty.

AFTERCARE INSTRUCTIONS & WARRANTY:

Ceramic Pro amongst other things is designed to protect your factory clear coat. It is tremendously effective at doing so. However, it is not bulletproof and will require basic maintenance. With simple care your coating will reward you for many, many, many years to come.

THINGS YOU MUST AVOID DURING THE CURING PROCESS (from 2 to 3 weeks):

- Curing time is 2-3 weeks depending on environmental conditions such as humidity and temperature.
- Sprinklers. The coating will protect your clear coat from water spots. The coating is less likely to etch than your factory clear but it can get spots during the curing process and can be costly to remove.
- Parking under a shedding tree
- Allowing bird droppings, sap, pollen to sit on the car and bake in the sun
- Washing or abrading the paint

If you notice that your car gets water spots, bird droppings, tree sap etc. during these two weeks immediately remove it following our care instructions. Keep in mind the coating is softer so work on the paint very gently.

Washing your car at home

Ceramic Pro is extremely slick, this means most things will dissolve and be pulled off by Ceramic Pro's self-cleaning effect. Minimizing rubbing, (especially with a dry towel) on the coating will ensure its longevity. Use Ceramic Pro Cleaner to remove bird droppings, bugs, and tree sap. Followed by wiping it off with a soft edge-less microfiber towel.

Washing schedule

For best results the car should be washed on a bi-weekly basis to avoid excessive contamination build-up.

Use only recommended mild soaps.

Avoid high volume brush style car washes, and high PH detergent style cleaners.

Wash from the top down leaving the dirtiest sections for last to avoid cross contamination.

Use separate soap.

Washing Methods

Standard home washing

Use a foam gun (optimal) or microfiber wash mitt to soap down the car. Rinse it off with a pressure washer (optimal) or hose. Dry with clean microfiber towels.

Spray 'n wash self car washes

Select the high pressure soap. Soap the car down (never use the provided brushes especially on the paint!). Rinse car off with the high pressure rinse. Dry with clean microfiber towels.

Car washes

Touch-less car washes only. Never use a car wash with brushes! Never select the "spray wax" option.

Drying

- **Ceramic Pro Care** is a great drying aid. Using Ceramic Pro Care and one damp microfiber to first dry the vehicle followed by using second microfiber to finish drying the vehicle. This process will give you the best results.
- Always dry completely and never leave to "air" dry. Tap water contains minerals that may leave deposits creating water spots.
- Only use quality microfiber towels for best results and avoid aggressive wiping, allowing the material to absorb the water.

Spot Removal

- Never use aggressive products to polish the coating or remove surface contamination.
- Never use excessive force to remove spots.
- Bird droppings, tar, sap, etc. should be removed as soon as possible to avoid temporary staining or hardening on the coating. Any staining left behind from bird droppings will break down over a few days without affecting the coating.

After Washing

Do not wax the coating. It is unnecessary and the wax will not bond to the coating. Ceramic Pro Care is the recommended maintenance and aftercare product. Ask your local installer about purchasing Ceramic Pro Care during your visit.

Automated Washing

Always go to a touch free wash! Using an automated car wash with brushes will void the warranty and dull the coating. Ceramic Pro 9H takes up to 2 weeks to achieve full hardness. Please handle with care and do not wash the vehicle for the first 2 weeks.

Leather and Fabric Maintenance Program

- For best results, all leather/vinyl surfaces should be cleaned bi-weekly with a leather protectant to avoid contaminant build-up and replenish the natural oils.
- Vacuum carpets regularly and use carpet & fabric cleaners when necessary.
- Immediately wipe off spills on leather, vinyl, or fabric.

Annual Inspections

Annual Inspections are the recommended process for ensuring the coating is maintained and care for the vehicle is properly executed. Annual inspections should be carried out by an approved applicator within 30 days before the anniversary date of the last service to ensure peak performance. Although durable and long lasting, annual inspections ensure maximum gloss and protection from Ceramic Pro coating.

Rear Bumper, RT Taillamp, and Trailing Arms Report

John O'Steen explained to me on Thursday, March 28, 2024, how the rear bumper of his Carrera GT came to be refinished and the right side taillamp assembly replaced in April 2021. Additionally, the Porsche Approved Collision Center that performed this refinishing work also replaced both lower rear control arms that had been previously damaged in a separate incident, as outlined below.

John explained that he was backing the Carrera GT out of his garage and didn't realize his truck was in the driveway just around the side of the stall from the GT. As he turned the wheel, he felt/heard the bump with the truck and stopped immediately. Upon inspection, he found that he had cracked the right-side rear taillamp assembly and nicked the bumper cap of the Carrera GT. Not wanting to disturb the vehicle further, John had the GT transported (to and from) Platinum Werks Collision Center of Melbourne – the official Porsche Approved Collision Center of the Porsche Melbourne dealership.

As the dealership invoice shows, upon disassembling and refinishing the rear bumper cover, the technician discovered both lower trailing arms to be damaged. John explained that this damage must have occurred when he contracted with Ceramic Pros for their "Wheels Off Package," which included two coats of wheel and caliper coating on full wheels and calipers. The vendor improperly raised the Carrera GT, thus causing the need for OEM replacements to be installed by the dealership.
